"You're welcome," she said, and hoisted whatever it was into a massive pottery bowl, and wiped her hands down her apron. He knew nothing at all about women. He had not lived where women were since he was ten years old. He had been afraid of them, the women that shouted at him to get out of the way in that great other kitchen long ago. But since he had been traveling about in Earthsea he had met women and found them easy to be with, like the animals; they went about their business not paying much attention to him unless he frightened them. He tried not to do that. He had no wish or reason to frighten them. They were not men..at Dulse's request that the wizard had to laugh..there's no use trying to conceal anything from me, is there? Her dirty toes and fingers were delicate and elegant, and a necklace of amethysts gleamed under the torn, buttonless jacket. Her mother, Tangle, made a good living by curing and healing, bone-knitting and birth-easing, and selling spells of finding, love-potions, and sleeping-drafts. She could afford to dress herself and her daughter in new clothes, buy shoes, and keep clean, but it didn't occur to her to do so. Nor was housekeeping one of her interests. She and Rose lived mostly on boiled chicken and fried eggs, as she was often paid in poultry. The yard of their two-room house was a wilderness of cats and hens. She liked cats, toads, and jewels. The amethyst necklace had been payment for the safe delivery of a son to Golden's head forester. Tangle herself wore armfuls of bracelets and bangles that flashed and crashed when she flicked out an impatient spell. At times she wore a kitten on her shoulder. She was not an attentive mother. Rose had demanded, at seven years old, "Why did you have me if you didn't want me?".lisped..She asked no more questions. She never argued; it was one of her virtues..".It means only hurt. "Some of them are really bad and stupid," she said in a low voice. "They get into the School because they're rich. And they study there just to get richer. Or to get power..".Those are spells of illusion only, of seeming. But there are true changes, and true summonings. And these may be true temptations to the wizard! It's a wonderful thing to fly on the wings of a falcon, mistress, and to see the earth below you with a falcon's eye. And summoning, which is naming truly, is a great power. To know the true name is to have power, as you know, mistress. And the summoner's art goes straight to that. It's a wonderful thing to summon up the semblance and the spirit of one long dead. There, on the outer beach, both exhausted, they faced each other and fought, "talon and fire and word and sword," until..He pondered. All the time he was with Gelluk, he had tried to learn from him, tried to understand what the wizard was telling him. Yet he was certain, now, that Gelluk's ideas, the teaching he so eagerly imparted, had nothing to do with his power or with any true power. Mining and refining were indeed great crafts with their own mysteries and masteries, but Gelluk seemed to know nothing of those arts. His talk of the Allking and the Red Mother was mere words. And he was, though he wouldn't have put it that way, afraid of wizards. A bit contemptuous of sorcerers, with their sleights and illusions and gibble-gabble, but afraid of wizards..".Oh, you are a pretty man," said the woman who had spoken first, laughing, as he held the red ribbon up to her black braid. "Come" she said, "before you fall asleep there," and he followed her obediently to Berry's room, which wasn't much more than a cupboard built onto the corner of the house. Her room was behind the chimney. Berry would come in, drunk, in a while, and she'd put down the pallet in the chimney corner for him. Let the traveler have a good bed for a night. Maybe he'd leave a copper or two with her when he went on. There was a terrible shortage of coppers in her household these days..the world, there are still women of the Hand.
