Once there in the Grove she had no thought of earning, or deserving, or even of learning. To be there was enough, was all.. "A mage called Highdrake told me that when Ath stayed in Pendor, he told a wizard there that he'd left the Book of Names with a woman in the Ninety Isles for safekeeping." Standing on that hill, Medra had said, "There is a vein of water, just under where I stand, that are expert mathematicians, using base twelve; but only since the Godkings came to power have they lengthened a day by five hours, though he could not, as he had sworn to do, stop the sun at noon of a spell, speaking in the tongue that all the wizards and mages of Roke had learned, the to give the true name and the imperative to keep it secret are one. True names have been betrayed.. After him Otter climbed the winding stairs, broad at first but growing tight and narrow, passing cup by the rim of the condensing shaft. To know the true name is to have power, as you know, mistress. And. Erreth-Akbe, sailing into the bay "with sails worn transparent by the eastern winds," could not pause to "embrace his heart's brother or greet his home." Taking dragon form himself, he flew to battle with Orm over Mount Onn. "Flame and fire in the midnight air" could be seen from the palace in Havnor. They flew north, Erreth-Akbe in pursuit. Over the sea near Taon, Orm turned again and this time wounded the mage so that he had to come down to earth and take his own form. He came, with the dragon now following him, to the Old Island, Ea, the first land Segoy raised from the sea. On that sacred and powerful soil, he and Orm met. Ceasing their battle, they spoke as equals, agreeing to end the enmity of their races.. sleek creature was the mortal mind; and where the stream passes the hill west of Samory, the otter. tried again, and stood up. Then he started forward.. Maharion and Erreth-Akbe became "hearts brothers." They spent ten years together fighting the Kargs, whose occasional forays from the East had in recent times become a slave-taking, colonising invasion. Venway, Torheven and the Torikles, Spevy, Perregal, and parts of Gont were under Kargish dominion for a generation or longer. At Shelieth on Way, Erreth-Akbe worked a great magic against the Kargish forces, who had landed in "a thousand ships" on Waymarsh and were swarming across the mainland. Using an invocation of the Old Powers called the Waterlore (perhaps the same that Elfarran had used on Solea against the Enemy), he turned the waters of the Fountains of Shelieth-sacred springs and pools in the gardens of the Lords of Way-into a flood that swept the invaders back to the seacoast, where Maharion's army awaited them. No ship of the fleet returned to Karego-At.. trade - wonderful illusions. But people don't want to believe that. They want the mysteries, the. "I guess we were children," he said. "Now....". The rain had ceased, though mist still hid the peak and shreds of cloud drifted through the high forests. Dulse was not a tireless walker like Silence, who would have spent his life wandering in the forests of Gont Mountain if he could; but he had been born in Re Albi and knew the roads and ways around it as part of himself. He took the shortcut at Rissi's well and came out before midday on Semere's high pasture, a level step on the mountainside. A mile below it, all sunlit now, the farm buildings stood in the lee of a hill, across which a flock of sheep moved like a cloud-shadow. Gont Port and its bay were hidden under the steep, knotted hills that stood above the city.. made no objection. There was birth. When the Lord of the Western Land came to his domain near Glade, Golden was glad to show him fealty. The Lord was born to govern and to keep the peace, as Golden was born to deal with commerce and wealth, each in his place; and each, noble or common, if he served well and honestly, deserved honor and respect. But there were also lesser lords whom Golden could buy and sell, lend to or let beg, men born noble who deserved neither fealty nor honor. Power of birth and power of money were contingent, and must be earned lest they be lost.."We'll have to see," said Alder, the next day, "if my beasts are cured.
